Work Experience

ERNEX, Burnaby, BC, Canada

Ernex offers real-time solutions including privately branded loyalty and multi-merchant loyalty programs, stored-value gift cards, reward fulfillment services and loyalty database hosting services.

Call Centre Agent

Aug 2007 - Sept 2008

Provided technical support and customer service in both French and English to merchants and end customers through phone conversations and emails

- Troubleshoot over the phone and through emails by using critical thinking and in-house expert system
- Ensured effective communication with a team of 4 agents by using database to track issues, emailing weekly reports and cooperating for complicated issues in a non supervised environment
- Improved office work-flow by developing an MS Access database to track gift cards lost in the mail and created email templates for common inquiries in order to increase response time

ALCOA, Bécancour, Qc, Canada

Alcoa is the world leader in the production and management of primary aluminum, fabricated aluminum and alumina combined.

Technical Assistant

Summer 2006

Promoted to this position and supervised the productivity of 250 12-ton aluminum pots by monitoring analytics, using critical thinking and making interventions directly on the pots or through operators

- Scheduled and coordinated operators with 20 years of experience to fix issues by planning actions before the shift and solving unexpected problems as they arise
- Improved productivity and quality by building relationships with operators based on listening, respect and a strong sense of humour

Work Experience con't

Operator

Summers 2002,03,05

Planned and executed work for 30 plots within deadlines on 12-hour shifts around the clock by using tools such as forklifts and 25-ton cranes

- Attained high efficiency and flexibility by working in teams and learning from senior operators on one hand while also working individually and learning to be resourceful on the other hand
- Improved own productivity progressively as an understanding of rules, policies and work dynamics of a strongly unionized organization increased

FUTURE SHOP, Québec City, Qc, Canada

Sales Associate

Nov 2003 – Sept 2004

Used professional sales approach to understand customer's needs and offer complete solution by maintaining current knowledge of the latest technology products and industry trends.

- Improved customer service by servicing warranties and resolving customer complaints in person as well as over the phone in a delicate and timely manner
- Maximized efficiency of the appliance department by training 3 new employees in store policies, procedures and technical equipment
- Increased client base and customer loyalty by creating and maintaining eye-catching merchandise

Extracurricular Activities

Vice President Communications

Mar 2009 - Oct 2009

AIESEC (Student Association), Burnaby, BC, Canada

AIESEC is an international youth organization that engages in international student exchange and internship programmes for profit and non-profit organisations.

- Increased internal and external awareness by leading a team of 12 members to strengthen AIESEC brand through creating marketing campaigns, using different technologies such as blog, website, intranet and electronic newsletters, as well as publishing articles in local and national newspapers
- Improved manageability by leading and restructuring a team of 12 students through the creation of 3 teams, each with their own specialities, competencies and team leader

Volunteer, Conseil Jeunesse Francophone de la Colombie-Britannique

Nov 2008 - Present

Business Case Competitions

3rd Place at Dalhousie Business Ethics, Halifax, NS, Canada
